GEOGRAPHY LONG TERM PLAN

St. John the Baptist Catholic Primary School

Mission Statement

Together,
Through our words and actions, our work and play,
We point towards Christ,
Each and every day

Geography Long Term Plan

		Autumn	Spring	Summer
Year R	Unit	All about me! - UTW	People who help us – Community Heroes - UTW	
	CST	We take care of our classroom and the places we play because they are special. We use maps to find places and have fun exploring. We talk about where we are going next, like to the playground or home. We look around and talk about the trees, buildings, and everything we see.	Some of your friends might be from different countries, and that's special. We listen to stories about places far away and nearby. It's fun to learn about them and see how different and wonderful they are! By learning about different places and people, you can see how everyone is unique and special	This helps you learn about your world and how to love and help everyone in it. When we go on a walk, we talk about all the places we see, like the park or the shop. We learn about our town, Andover, and how it's different from other places. Some places have big buildings, and some have lots of trees. We look at maps to see where things are, and we can even draw our own maps of our town!
	Hook			
Year 1	Unit	Andover and surrounding area	England, Ireland, Scotland, Wales	Hot and cold areas of the world
	CST	This means taking care of the world around us because it's a gift from God. We're showing love and care for the world God gave us!
